Dear Steve,

On behalf of Woodbridge Golf and Country Club I would like to thank you and Creative Golf Marketing's Ambassador Membership Program for what it has done for my Club. Since your presentation to the membership, and the approval of the plan, we have taken in 79 new memberships, 12 Social and 67 Proprietary in two months time.

Since this increase in membership we did not have to raise operational dues for the first time in many years and we were still able to make many needed improvements to the Club as well.

Woodbridge was skeptical, as I am sure many of your clients are at first with your guarantee, but it soon became evident that looking outside the traditional box can payoff in a positive way. I will be boasting to my CMAA colleagues that your plan works and works very well.

Thank you again for your assistance to Woodbridge and its membership.
