Dear Otto,

I apologize for the long delay in sending you a letter. When I first contacted your company, I had already heard great things. Our industry is certainly facing challenging times in regards to attracting new members and keeping the ones we have. Your company fills a valuable niche for clubs such as ours.

Your Ambassador package does everything you promised and then some. We gained over 60 members, which gave us a much needed boost in initiation dollars but most importantly provided us with new members that were enthusiastic about our club. The timing of your program with our inaugural Nationwide Tour event couldn't have been better.

I would be remised in not mentioning your staff. They were always responsive, professional and helpful.

Sincerely,

Randy Rosenthal CCM
General Manager
